EPL – 1K SMART CLEAR EDGE PROTECTION LACQUER UV RESISTANT CLEAR COAT

FEATURES & BENEFITS	1K Smart clear is a crystal clear 1k, ready for use clear coat. Used for finishing coated surfaces in order to achieve a high gloss, for protection on cut edges, UV resistant, durable finish. 1K SMART CLEAR is a new high performance clear coat that gives 2K performance with the convenience of a single pack. 1K SMART CLEAR is the ultimate SMART repair tool with excellent build, flow out and gloss retention. 1K SMART CLEAR is compatible with most paint systems including water-based. The cured clear has excellent gloss and image depth and is ideal for spot repairs and complete resprays resulting in a durable, UV resistant finish. 1K SMART CLEAR is isocyanate free
HEALTH AND SAFETY STATEMENT	FOR PROFESSIONAL USE ONLY. Read full instructions before use. IMPORTANT: This product contains hazardous materials and therefore appropriate personal protective equipment should always be used. Please refer to the label and consult the material safety data sheet for full handling instructions and personal protection information. These are available upon request if you contact us via email turnerspains@btconnect.com. Turners Trade Paints disclaim any liability where the user does not wear the recommended personal protective equipment.
SURFACE PREPARATION	1K SMART CLEAR can be applied using the preparation procedure shown below: - Thoroughly clean and degrease surfaces with a suitable panel wipe. Abrade solid colour coatings wet or dry with 800-2000 abrasive, re-clean, dry and degrease. If coating solvent-based basecoats apply 1K SMART CLEAR within a period of 1 hour after application of the base coat.
APPLICATION	1K SMART CLEAR is ready for use and requires no thinning. Apply 2-3 even coats. Allow 5-10 minutes flash off time between coats.
DRYING TIME	Allow 30 minutes before handling. Drying time is dependent upon film thickness, humidity and temperature
Product Codes	EPL/1 – 1 litre
